Kim Heng was established in 1968 with headquarters in Singapore and now has offices in other countries such as Indonesia and Australia.

We are one of the leading independent oil and gas service, support companies throughout Asia, Australia, India and Middle East. We have grown and gained significant international presence providing project management in small field development and drilling operations, pipe-laying, OCTG and drilling equipment sales and rental, chartering of Multi Purpose Vessels for ROV operations and marine transportation, Towage and Anchor Handling Vessels for rig mob/demob, fabrication of offshore modules and rig construction, supply base management in Darwin and Indonesia.

We draw together the right combination of people and expertise, both locally and from around the world, to help make your business succeed. you will receive professional service from dedicated individuals who are most reliable to get the job done on time and within budget restraints.

We are able to operate 24/7 and to ensure that all our clients' requirements are expeditiously and effectively met.

In connection, the company is fully ISO 9001:2000 quality accredited.
